NCJRS Abstract - National Criminal Justice Reference Service Juvenile delinquency represents a well-thought-out decision whereby delinquents decide where to commit the crime, who or what to target, and how to execute it. Psychological theories explain juvenile delinquency with individual-level constructs that exist inside of all people and

interact with the social world. Juvenile Delinquency - Criminal Justice - IRsearchNet This theory emphasizes punishment as the best means to deter individuals from committing crimes: Make the cost sufficiently outweigh the reward and individuals will decide that crime is not worth it. 1. On one hand, this seems reasonable, almost obvious. But a number of factors complicate such a simplistic understanding of crime and human nature: 2 Criminal Behavior Theories | Kent State University Many theories of causation have been developed to account for deviant behavior among adults and juveniles. It is safe to conclude that none of these explanations fully account for all cases of crime and juvenile delinquency. However, experts agree that a correlation exists between drug use and deviance.3 Juvenile Delinquency - SAGE Publications Inc Crime and delinquency are very unequally distributed in space. The geographic concentration of crime occurs at various levels of aggregation, in certain cities and counties and also in certain neighborhoods within a given city or county. The Development of Delinquency | Juvenile Crime, Juvenile ... Philosophers and researchers have tried to explain the causes of juvenile delinquency since early Greek and Roman times, with theories ranging from a simple and straightforward rationale that indicates that a juvenile makes a rational choice to commit an illegal act to biologically based theories that maintain that certain youth have genetic or biological predispositions toward engaging in delinquent behaviors.
