Dictionary The object in topThree is not the results, it is the query. topThree is an object which means "sort the sequence of items in array from highest to lowest and take the first three".That's all it means. It does NOT mean "8, 6, 5". It means the query, not the results.You can demonstrate this by executing the query, then changing the array, and then executing the query again. c# - How to get the top 3 elements in an int array using ...
