New Ideas From Dead Economists In summation, "New Ideas from Dead Economists" is informative and a book well worth reading as long as one keeps in mind that Buchholz writes from a particular viewpoint. New Ideas from Dead Economists: An Introduction to Modern ... New Ideas from Dead Economists, written by Todd G. Buchholz, is an introduction to the history and development of modern economic thought, originally published in 1989. Since its original publication, there have been two revisions, the most recent of which was published in 2007. In the foreword, Martin Feldstein writes: New Ideas from Dead Economists - Wikipedia There are a

An Introduction To Modern

couple of points that are good to know before you pick up this short economics history. First, the title is misleading, it is not “new ideas”, but just “ideas” from dead economists. Second, it is not only theories (ideas), but also biography (at least sometimes). The latter is where the book fails the most. New Ideas from Dead Economists: An Introduction to Modern
