continues its tradition of excellence

Edition

in teaching and preparing students for success in the organic classroom and beyond. A central theme of the authors' approach to organic chemistry is to emphasize the relationship between structure and reactivity. To accomplish this, the text is organized in a way that combines the most useful features of a functional group approach with one largely based on reaction mechanisms. Organic Chemistry 11th edition | Rent 9781118133576 ... The Tenth Edition of Organic Chemistry continues Solomons/Fryhle's tradition of excellence in teaching and preparing students for success in the organic classroom and beyond.
