Online At the most fundamental level, management is a discipline that consists of a set of five general functions: planning, organizing, staffing, leading and controlling.

These five functions are part of a body of practices and theories on how to be a successful manager. 5 Principles of Great Management |

Ashford University General

Principles of Management-Henry Foyal's Henry Fayol's 14 principles derive from the circumstance that Fayol's felt that management was not well defined. In his striving to change this circumstance he suggested "some generalized teaching of management" to be a main part of every curriculum at places of higher education and even ...
