CMP3 continued Grade 7 These drugs shrink prostate tissue to reduce urinary problems and are often most effective on severely enlarged prostates. Enzyme-inhibitors can take many months to improve your symptoms, as the prostate tissues shrink gradually over time. Like alpha-blockers, dizziness is the most common side effect. How to Reduce Prostate Size: 13 Steps (with Pictures ... My advanced 7th grade math class was at the end of their book, *Stretching and Shrinking (CMP)* and instead of having my students complete the normal book test I decided to have them complete a performance assessment. Performance assessments are something that my district is wanting teachers to incorporate in each unit if possible.
